This is an index to the biographies and autobiographies contained in the "Biographical History of Massachusetts", edited by Samuel Atkins Eliot.

The set consists of ten volumes. The pages are not numbered. But the biographies are placed in alphabetic order according to name in each volume. Therefore, in this index, it has been necessary to indicate only the number of the volume wherein the name is treated.

Thus, CLAPP, HENRY LINCOLN X, means that a biography of H.L.Clapp may be found in volume X of the set in its proper alphabetic arrangement.

At the end of this index may be found a list of the writers who have contributed introductory essays to the volumes of the set, together with the titles of such essays.
